**UNITED STATES DISTRICT COURT**  
**NORTHERN DISTRICT OF CALIFORNIA**  
**OAKLAND DIVISION**

**IN RE COLLEGE ATHLETE NIL LITIGATION**

Case No. 4:20-cv-03919-CW

**DECLARATION OF CARLA A. PEAK RE:  
NOTICE PROCEDURES**

Judge: Hon. Claudia Wilken

1 I, Carla A. Peak, declare and state as follows:

2 1. I have personal knowledge of the matters set forth herein and if called as a witness I could  
3 and would testify competently to them.

4 2. I am a nationally recognized expert in the field of legal notification, and I have served as  
5 an expert in countless federal and state cases involving class action notice plans.

6 3. I am a Vice President of Legal Notification Services for Verita Global, LLC (“Verita”),  
7 formerly known as KCC Class Action Services, LLC (“KCC”). Pursuant to the Revised Order Granting  
8 Plaintiffs’ Motion for Preliminary Settlement Approval as Modified (the “Preliminary Approval Order”)  
9 dated October 7, 2024, the Court appointed Verita as the Claims Administrator in connection with the  
10 proposed Settlement of the above-captioned Action.<sup>1</sup>

11 **CLASS LIST**

12 4. On or around June 3, 2024, Verita understands that Defendants notified their Division I  
13 member institutions (“schools”) to provide Verita with data to effectuate notice in the above captioned  
14 action. Schools were directed to a website, <https://www.kccconnect.com/NCCOUpload>, where schools  
15 can download data templates, instructions, and upload their athlete roster data through an online portal.  
16 The two data templates that were posted on the website are 1) Power5 template and 2) non-Power5  
17 template. Class Counsel and Verita additionally created a Yearly template to assist different schools’ data  
18 storage systems, but this template had to be specifically requested. The templates asked for NCAA EC  
19 IDs, names, addresses, email addresses, sport played, years played, GIA status (if Power5), and redshirt  
20 years. True and correct copies of the templates and instructions are attached hereto as Exhibit A, B, and C.

21 5. Beginning August 8, 2024, through January 31, 2025, Verita received at least 534 separate  
22 data file submissions from 325 Division 1 (D1) schools. In some submissions, there were multiple data  
23 files uploaded or in each data file there would be multiple tabs of data. As Verita processed incoming  
24 data files, it was found that some schools needed to provide additional information, or provide the  
25

26  
27 <sup>1</sup> All capitalized terms not otherwise defined herein shall have the meanings ascribed to them in the  
28 Settlement Agreement, dated September 26, 2024 (the “Stipulation”) and/or the Preliminary Approval  
Order.

1 information in a different format, i.e., sports, years played, NCAA EC IDs, or GIA statuses were missing  
2 or incorrect. As a result, some schools were asked to provide new and/or supplemental data.

3 6. As data files arrived, Verita formatted the lists for mailing purposes and removed duplicate  
4 records. Duplicates were removed per data file and not across the entire data population. As a result,  
5 some college athletes received multiple notices either because their school provided data on multiple  
6 occasions or because the athlete attended multiple schools. On average, athletes were sent direct notice  
7 2.5 times.

8 7. Verita also processed the names and addresses through the National Change of Address  
9 Database (“NCOA”) to update any addresses on file with the United States Postal Service (“USPS”). A  
10 total of 43,203 addresses were found and updated via NCOA. Verita updated its proprietary database  
11 with the Class List. A list of schools that provided data is attached hereto as Exhibit D.

12 8. Due to multiple data submissions from schools, Verita deduped claims and records based  
13 on athlete and school. This means an athlete may be listed in Verita’s records multiple times because the  
14 athlete attended multiple schools.

15 9. In summary, Verita received approximately 436,807 unique student records based on  
16 athlete and school. Verita can also estimate that there would be 30,833 unique student records at the 37  
17 schools that did not provide data. The resulting total athlete records for all the schools in the class would  
18 be 467,640. Based on analysis of claim data which showed, on average, athletes attended 1.2 schools,  
19 Verita estimates the unique athlete count across all schools – i.e., the class size – is approximately 389,700  
20 students.

## 21 **NOTICE PLAN**

### 22 **Overview**

23 10. Verita designed and implemented a notice plan (the “Notice Plan”) to provide notice to  
24 the Settlement Classes. The Notice Plan consisted of direct, individual notice to all known class members  
25 and publication notice comprised of digital media, press releases, and an organic media effort.

26 11. Verita estimates that approximately 96.4% of the Settlement Classes received notice,  
27 considering the combined direct notice and digital media notice efforts alone. Although not measurable,  
28

the reminder notice, press releases and extensive organic media effort served to further extend reach and frequency of exposure among the Settlement Classes.

*Mailing of the Notice*

12. Verita identified 362 D1 schools as being eligible to participate in the Settlement. Of the 362 D1 schools, 70 were Power5 schools. From August 8, 2024, through October 17, 2024, Verita received data submissions from 127 D1 schools. On October 18, 2024, Verita printed and mailed the first round of the House Postcard Notice (collectively, the “Notice”) to 19,203 names and mailing addresses from 51 D1 schools who provided data. A true and correct copy of the House Postcard Notice is attached hereto as Exhibit E.

13. Verita continued to mail notices on a rolling basis. From October 21, 2024, through January 31, 2025, Verita mailed notices to the remaining 274 schools who provided data. Verita did not receive data from 37 D1 schools.<sup>2</sup>

14. From October 18, 2024, through January 27, 2025, Verita completed 17 rounds of postcard noticing and sent a total of 91,084 Notices.

15. Since mailing the Notices to the class members, Verita has received 1,071 Notices returned by the USPS with forwarding addresses. These 1,071 Notices were associated with 618 unique Claim IDs. Verita immediately caused Notices to be re-mailed to the 513 forwarding addresses supplied by the USPS. Verita did not re-mail Notice to the 105 athletes whose notice was returned with a forwarding address because Verita received claim form or payment information from these athletes, or their notice was returned after the filing deadline.

16. Since mailing the Notices to the class members, Verita has received 23,619 Notices returned by the USPS with undeliverable addresses. These 23,619 undeliverable Notices were associated with 13,448 unique Claim IDs. Through credit bureau and/or other public source databases, Verita performed address searches for these undeliverable Notices and was able to find updated addresses for 867 class members. Verita promptly re-mailed Notices to the newly found addresses.

---

<sup>2</sup> As described in the text below, Verita also engaged in a robust publication notice campaign, to maximize the likelihood that all class members received notice of the settlement, including a second press release publication one week prior to the claims deadline.

***Emailing of the Notice***

17. Verita also processed 455,202 email addresses through an email cleanse. The email cleanse process fixes common typographical errors in domain names, corrects insufficient domain suffixes (e.g., gmal.com to gmail.com, etc.), and removes known bad email addresses. Email addresses not designated as a known bad address were then verified by contacting Internet Service Providers to determine if the email address exists. Of the 455,202 email addresses, 82,364 were found to be invalid email addresses. Starting October 18, 2024, through January 27, 2025, Verita caused the House Email Notice to be sent to the valid email addresses. A true and correct copy of the email notices is attached hereto as Exhibit F.

18. On a rolling basis, Verita mailed the Postcard Notices to athletes whose email notice was not successfully delivered and who had a complete mailing address on file. In total, approximately 22,366 Postcard Notices were sent to mailing addresses of athletes whose email notice was not successfully delivered.

19. From October 18, 2024, through January 27, 2025, Verita performed 17 rounds of email campaigns, sending a total of 372,838 email notices.

20. Verita sent a total of 463,922 postcard and email notices. Verita has been able to identify 53,068 exact duplicate records based on the athlete's name and school. These duplicates derived from schools resubmitting corrected/updated data files. As a result, some athletes received multiple notices.

21. With the combined Postcard and Email notices, approximately 81.9% of class members received direct notice. Even when just considering direct notice, this is alone above the estimated reach proposed at preliminary approval and is considered reasonable by The Federal Judicial Center's *Judges' Class Action Notice and Claims Process Checklist and Plain Language Guide* (the "FJC Checklist").<sup>3</sup>

***Reminder Summary Notice***

22. On January 24, 2025, Verita caused an Email Reminder notice to be sent to 252,990 college athletes who, at the time, had not yet submitted a claim and whose initial email notice was

---

<sup>3</sup> The *Judges' Class Action Notice and Claims Process Checklist and Plain Language Guide* states: "The lynchpin in an objective determination of the adequacy of a proposed notice effort is whether all the notice efforts together will reach a high percentage of the class. It is reasonable to reach between 70-95%."

1 successfully delivered. A true and correct copy of the Email Reminder Notice is attached hereto as Exhibit  
2 G.

3 ***Publication Notice***

4 23. Verita purchased approximately 72,800,000 impressions<sup>4</sup> to be distributed  
5 programmatically across a variety of websites and mobile apps, as well as on Facebook, Instagram, Tik  
6 Tok, YouTube, and Reddit from October 18, 2024, through December 16, 2024. The impressions were  
7 delivered via display banner, image, and video ads consisting of text and imagery designed to catch the  
8 attention of likely student athletes and were directly linked to the settlement website. The impressions  
9 were demographically targeted to adults 18-34 years of age. Where available, additional targeting was  
10 layered to include demographics, including self-stated college students or college graduates, to users  
11 indicating membership in NCAA or student/college athletics; and/or contextual targeting alongside  
12 content related to news and/or college sports; and/or behaviors, for example to those whose online  
13 behavior indicates interest in college sports, NCAA sports, NCAA accounts, etc. This targeted digital  
14 media campaign alone was designed to reach more than 80% of likely class members in this settlement.  
15 Additional impressions were delivered via paid search campaigns serving text ads alongside Google,  
16 Yahoo, and Bing search engine results when keywords related to the litigation were triggered. A total of  
17 75,363,111 impressions were delivered, resulting in an additional 2,563,111 impressions at no extra  
18 charge. Confirmation of the digital notices as they appeared on a variety of websites and on Facebook,  
19 Instagram, TikTok, YouTube, Reddit, Google, and Bing/Yahoo search is attached hereto as Exhibit H.

20 24. Verita also caused a press release to be distributed nationally via PR Newswire on October  
21 18, 2024. The press release was distributed via PR Newswire's national newswire as well as a General  
22 College Media Influencer List and included syndicated distribution via AP News. According to PR  
23  
24

25 <sup>4</sup> An impression is a count of the number of times a digital notice is displayed to a user. Impressions  
26 are used as a metric to measure the reach and exposure of an advertisement. Over 75 million paid digital  
27 media impressions were delivered to the target audience, meaning likely class members had over 75  
28 million opportunities to be exposed to a Notice via the paid digital media notice alone. Class members  
received additional opportunities to learn about the settlement via the direct notice effort, press release,  
and organic earned media.

1 Newswire, the press release was viewed 9,859 times and picked up by over 910 news outlets<sup>5</sup> including  
2 CBS News Radio, Fox News, New York Times, WKRN Nashville, Tennessee, WGN9 in Chicago,  
3 Illinois, KDVR Fox31 in Denver, Colorado, KRON4 in San Francisco, California, KXAN-TV NBC-3 in  
4 Austin, Texas, and KSWB-TV Fox-5 in San Diego, California. A true and correct copy of the press  
5 release is attached hereto as Exhibit I.

6 25. As part of the notice program, Verita commenced an outreach effort the week of October  
7 21, 2024. This organic outreach effort was performed via social media,<sup>6</sup> email, mail, and other methods  
8 to contact a variety of relevant influencers, current and former college athletes, college athletes based on  
9 school athletic team rosters during the relevant class periods, player associations, conferences, sports  
10 groups, collegiate alumni associations, sports agents and sports marketers to solicit their assistance in  
11 sharing the settlement information and encourage claims filing.

12 26. On January 21, 2025, a second press release was distributed nationally via PR Newswire's  
13 national newswire as well as a General College Media Influencer List and a syndicated distribution via  
14 AP News. According to PR Newswire, the press release was viewed 3,663 times and picked up by over  
15 525 news outlets<sup>7</sup> including WFLA in Tampa, Florida, KTLA Los Angeles, California, WJW-TV Fox-8  
16 in Cleveland, Ohio, and WXIN-TV Fox-59 in Indianapolis, Indiana. A true and correct copy of the press  
17 release is attached hereto as Exhibit J.

### 18 **SETTLEMENT WEBSITE**

19 27. Verita established a website, [www.collegeathletecompensation.com](http://www.collegeathletecompensation.com), dedicated to this  
20 matter to provide information to the class members and to answer frequently asked questions. The  
21 website URL was set forth in the Notice, Publication Notices, Long Form Notice, and the Claim Form.  
22 Visitors of the website can download copies of the Notice, Claim Form, and other case-related  
23 documents. Visitors can also submit claims online and upload supporting documentation. As of February  
24

25  
26 <sup>5</sup> The total potential audience of the news outlets reporting the story directly from PR Newswire is  
160,985,946.

27 <sup>6</sup> In certain instances, athletes received a personal outreach via LinkedIn.

28 <sup>7</sup> The total potential audience of the news outlets reporting the story directly from PR Newswire is  
157,131,477.

20, 2025, there have been 838,271 users, 1,390,401 sessions/hits (active visits to the website), and 4,801,982 page views of the Settlement Website.

28. From October 18, 2024, through January 31, 2025, Verita received, on average, 852 claims per day. Throughout this claim period, the settlement website did not experience any mass outage or downtime. While Verita did receive notifications of isolated users having issues accessing the website, in each of those instances, the user self-reported that the issue was resolved on their end or Verita was able to troubleshoot the issues individual users were having through Verita's call center agents. Since the activation of the website, there was not a single day that Verita received less than 80 web submissions. As noted above, there were some issues with school data reports—including incorrect eligibility center identification numbers—but these issues were predominantly resolved and over 70,252 athletes were able to file claims using their eligibility center ID or their Claim ID and PIN.

29. On December 17, 2024, Verita publicized on the settlement website individual allocation estimates for 392,298 athletes for whom Verita received school data. The allocation estimates were updated if Verita received corrected, updated data from schools.

#### **TELEPHONE HOTLINE**

30. Verita established and continues to maintain a toll-free telephone number, 1-877-514-1777, for athletes to call and obtain information about the Settlement, and/or request a Notice Packet. The telephone hotline became operational on October 18, 2024, and is accessible 24 hours a day, 7 days a week. As of February 20, 2025, Verita has received a total of 5,069 calls to the telephone hotline.

#### **EMAIL BOX**

31. Verita established and continues to maintain an email box, [admin@collegeathletecompensation.com](mailto:admin@collegeathletecompensation.com), for athletes to email and obtain information about the Settlement. As of February 10, 2025, there have been a total number of 33,543 emails answered for the Settlement. In addition, Verita has responded to a total of 2,914 voicemails. Based upon the above, the total number of inquiries answered for the case to-date is 36,457. Verita implemented a live call center team to handle emails and voicemails. The total number of hours worked on emails and voicemail call backs is 2,018. On average, all emails were responded to within 1.5 days. Currently, Verita is unaware of any class member who was not provided a response or assistance when requested.

**CLAIM FORMS**

32. The postmark deadline for class members to file claims in this matter was January 31, 2025. To date, Verita has received 98,184 timely-filed web submissions and 5,718 late-filed web submissions. Of the 103,902 total web submissions, 29,233 were payment updates and 74,669 were claim form submissions. To the extent the Court accepts late submissions, Verita will provide updated numbers for the Final Approval Hearing.

33. Of the 29,233 payment updates, 28,816 were considered unique. Of the 74,669 claim form submissions, 73,115 were considered unique.

34. Of the total submissions, 47,069 were claim forms or payment updates from P5 students. 23,459 of those submissions were P5 football or basketball athletes. As of February 27, 2025, the online portal is still active and 5,718 athletes have submitted claims post the claims filing deadline and website visitors are continuing to file claims.

35. Verita received a total of 101,931 unique claim forms or payment updates, which means approximately 26.2% of all settlement class members participated in the settlement.

**REPORT ON EXCLUSION REQUESTS RECEIVED TO DATE**

36. The Notice informs class members that requests for exclusion from the Class must be postmarked no later than January 31, 2025. As of the date of this declaration, Verita has received 844 requests for exclusion. Of the 848 requests for exclusions, 478 were considered duplicates, leaving a total of 370 unique requests for exclusion. Of the 370 unique requests, one rescinded their opt out request, 18 were postmarked late, and 8 were from athletes whose name was not found in Verita's records. It is Verita's understanding, after reviewing public sources, that these athletes competed outside the class period and therefore are not class members. Additionally, one of the late opt outs has contacted Verita to rescind their opt out. A list of the 343 valid class members requesting to be excluded is attached hereto as Exhibit K.

**OBJECTIONS TO THE SETTLEMENT**

37. The postmark deadline for class members to object to the settlement was January 31, 2025. As of the date of this declaration, Verita has received one (1) objection to the settlement from Provonsha Wells. This is a duplicate objection that was filed with the Court (ECF No.656).

38. Verita was made aware of an objection from Alex Vogelsong declaring he was ineligible for Compensation for Athletic Services. On December 18, 2024, Alex Vogelsong submitted an online claim. Based on Auburn's school data that was provided to Verita, Vogelsong is eligible to receive payment for Compensation for Athletic Services, Lost NIL Opportunities, and a Hubbard payment, and this was published on the settlement website accordingly.

#### **ADMINISTRATION COSTS**

39. As of February 26, 2025, through the first distribution, Verita estimates its cost of administration to be \$1,558,737.15. Verita's expected total administration costs through final distribution to be \$2,750,000-\$2,950,000.

40. Verita's estimated fees and charges are based on certain information provided to Verita by the parties as well as significant assumptions. Accordingly, the estimate is not intended to limit Verita's actual fees and charges, which may be less or more than estimated due to the scope of actual services or changes to the underlying facts or assumptions.

#### **CONCLUSION**

41. The direct notice effort alone is estimated to have reached more than 80% of settlement class members. When combined with the targeted digital media campaign, the total reach of the Notice Plan is estimated to have reached over 96% of likely settlement class members. The reach and frequency of exposure among the various Settlement Classes was further supplemented by the press releases and extensive outreach effort.

42. It is Verita's opinion, based on my individual expertise and experience and that of my Verita colleagues, that the notice plan was the best practicable under the circumstances. The plan was implemented as directed by the Court at preliminary approval and successfully delivered notice to the settlement class members. It comported with the requirements of due process and of Fed. R. Civ. P. 23. It provided for direct notice to all individuals whose contact information was reasonably available. The Notice Plan as implemented is consistent with other effective settlement notice programs and meets the "reasonably certain to inform" due process communications standard of *Mullane v. Cent. Hanover Bank & Trust Co.*, 339 U.S. 306, 315 (1950). The notice program is consistent with the guidelines set forth in

1 Rule 23, the *Manual for Complex Litigation, Fourth*, and the FJC Checklist, which considers 70% reach  
2 among class members to be a “high percentage” and reasonable.

3  
4 I declare under penalty of perjury under the laws of the United States of America that the  
5 foregoing is true and correct.

6 Executed on this 3rd day of March 2025, at Ocean City, New Jersey.

You will receive an email confirmation after you have successfully submitted the student-athlete Census.

### **Instructions to Complete Student-Athlete Census**

Please review the instructions and complete the Census before returning to the site to upload your data.

Completing a Census means providing the first, middle (if available) and last name, NCAA EC ID Number, last known email address or last known street address, city, state, ZIP code, semester started and ended, and sport played, for **all** athletes participating in sports at your institution from Fall 2019 to September 15, 2024.

**For football and basketball athletes**, it means providing additional information and for a longer time period. It means providing the following for all student-athletes participating in football and basketball at your institution from Fall 2016 to September 15, 2024: first, middle (if available) and last name, NCAA EC ID, last known email address or last known street address, city, state, ZIP code, semester started and ended, sport played, the annual GIA level received or the highest GIA level received (by decimal amount), semesters of ineligibility, transfer year, and (for football players only) position.

While Excel is a common format for most institutions, and the default Census form is an Excel file, you may already have this data in another tabular format, such as a tab-delimited text file. For security and consistency purposes, please transfer your data to the default Census form provided, being sure to adhere to the below Data Submission Guidelines.

### **Data Submission Guidelines**

#### **Types of Data Files**

Data is most efficiently and accurately transmitted within the census template provided. Excel is typically the most convenient method for small to moderate volumes of data. If transferring large volumes of data (hundreds of thousands or millions of records), please upload within multiple files of the provided census template.

#### **Excel**

The file should contain one sheet per dataset. If the number of records exceeds the capacity of the Excel sheet (too many records) such that the records would need to be split among two or more sheets, an additional copy of the provided census template should be utilized.

Numeric values should be actual values and not formula or calculation results.

**Note: Please include the heading row with the exact names listed below.**

**Appendix A: General Data Structure**

Regardless of the type of file for transfer, the data should contain a single record or line for each student-athlete with separate data elements (field or column) for each of the following pieces of information:

Athlete First Name *	Semester Start*
Athlete Middle Name or Initial	Semester End*
Athlete Last Name *	Division I Sport*
Athlete Street Address *	Additional Division I Sport
Athlete City *	
Athlete State *	For FB and BB athletes only (GIA decimal amount)*
Athlete ZIP Code *	
Athlete Foreign Province	For FB and BB athletes only (Redshirt semester(s) / semester(s) of ineligibility)*
Athlete Foreign Postal Code	
Athlete Foreign Country	For FB and BB athletes only (Transfer_Year)*
Athlete Phone Number	For FB Athletes only (Position)*
Athlete Email	For FB and BB athletes only (Student Athlete Date of Birth(DOB))
Athlete NCCA EC ID Number*	

*\* Those elements marked with an asterisk are generally required for all uploads.*

If you have reached out to the Notice Administrator to provide data structured by year rather than athlete, please confirm you have received a separate template for this data upload.

Thank you for your time and attention. Should you have any questions, please contact the Notice Administrator by email at [SchoolAdmin@collegeathletecompensation.com](mailto:SchoolAdmin@collegeathletecompensation.com).

### **Instructions to Complete Student-Athlete Census**

Please review the instructions and complete the Census before returning to the site to upload your data.

Completing a Census means providing the first, middle (if available) and last name, last known email address, last known street address, city, state, ZIP code, and NCAA EC ID Number for all student-athletes participating in sports at your institution from Fall 2019 to September 15, 2024.

### **Data Submission Guidelines**

#### **Types of Data Files**

Data is most efficiently and accurately transmitted within the census template provided. Excel is typically the most convenient method for small to moderate volumes of data. If transferring large volumes of data (hundreds of thousands or millions of records), please upload within multiple files of the provided census template.

#### **Excel**

The file should contain one sheet per dataset. If the number of records exceeds the capacity of the Excel sheet (too many records) such that the records would need to be split among two or more sheets, an additional copy of the provided census template should be utilized.

Numeric values should be actual values and not formula or calculation results.

**Note: Please include the heading row with the exact names listed below.**

### **Appendix A: General Data Structure**

Regardless of the type of file for transfer, the data should contain a single record or line for each student-athlete with separate data elements (field or column) for each of the following pieces of information:

Athlete First Name \*

Athlete Middle Name or Initial

Athlete Last Name \*

Athlete Foreign Country

Athlete Street Address \*

Athlete Email\*

Athlete City \*

Athlete NCCA EC ID Number\*

Athlete State \*

Year\_Start Year

Athlete ZIP Code \*

Year\_End

Athlete Foreign Province

Division I Sport Played\_Year

Athlete Foreign Postal Code

*\* Those elements marked with an asterisk are generally required for all uploads.*

If you have reached out to the Notice Administrator to provide data structured by year rather than athlete, please confirm you have received a separate template for this data upload.

Thank you for your time and attention. Should you have any questions, please contact the Notice Administrator by email at [SchoolAdmin@collegeathletecompensation.com](mailto:SchoolAdmin@collegeathletecompensation.com).

You are receiving this notice because school records indicate you are included in this class action settlement and may be eligible for a payment. To see how much money you could recover, and ensure you receive your payment, update your contact information and payment method at [www.collegeathletecompensation.com](http://www.collegeathletecompensation.com) and enter the Claim ID and PIN provided above. Estimated payments will be updated approximately 60 days from the date you receive this notice and will be dependent on the information your school provided to us.

**What is this lawsuit about?**

This lawsuit, *In re College Athlete NIL Litigation*, Case No. 4:20-cv-03919-CW (N.D. Cal.), claims that NCAA limits on the number and amounts of athletic scholarships available and NCAA limits on compensation and benefits that college athletes can receive for their athletic services and their names, images, and likenesses (NIL) violate the antitrust laws.

**Are NCAA rules changing?**

As part of the Settlement, Defendants have also agreed to change compensation rules going forward. Conferences and schools, starting in Fall 2025, may increase the number of athletic scholarships provided and may provide direct benefits for NIL and participation in college sports, up to an aggregate yearly amount set forth in the Settlement. These increased compensation opportunities may impact you if you compete as a college athlete beginning in Fall 2025. Also as part of the Settlement, NCAA rules regarding the payments that student-athletes will be permitted to receive from third parties for their NIL while remaining eligible to play Division I sports will be modified.

To see how compensation rules will be changed going forward, access a copy of the Settlement by visiting [www.collegeathletecompensation.com](http://www.collegeathletecompensation.com).

**Who is a part of the lawsuit?**

You are a member of the Settlement Classes (i.e., a “Class Member”) if:

- You received or will receive a full Grant-in-Aid scholarship and compete on, competed on, or will compete on a Division I men’s basketball team or an FBS football team, at a college or university that is a member of one of the Power Five Conferences (including Notre Dame), and you have been or will be declared initially eligible for competition in Division I at any time from June 15, 2016 through September 15, 2024. This is referred to as the “Settlement Football and Men’s Basketball Class.”
- You received or will receive a full Grant-in-Aid scholarship and compete on, competed on, or will compete on a Division I women’s basketball team at a college or university that is a member of the Power Five Conferences (including Notre Dame), and you have been or will be declared initially eligible for competition in Division I at any time from June 15, 2016 through September 15, 2024. This is referred to as the “Settlement Women’s Basketball Class.”
- You compete on, competed on, or will compete on a Division I athletic team and you have been or will be declared initially eligible for competition in Division I at any time from June 15, 2016 through September 15, 2024. This is referred to as the “Settlement Additional Sports Class.”

- You compete on, or competed on, or will compete on a Division I athletic team at any time between June 15, 2020 through the end of the Injunctive Relief Settlement Term as defined in the Settlement. The Injunctive Relief Settlement Term is the ten (10) Academic Years following the date of Final Approval of the Settlement. This is referred to as the “Settlement Declaratory and Injunctive Relief Class.”

### What do I get?

Defendants have agreed to pay \$2,576,000,000 and change compensation rules going forward to end this lawsuit. You may be eligible to receive some of this money. The amount of money you get will depend on which class you are in and what you qualify for according to the below:

- Broadcast NIL payments will be a set, yearly amount for each Power Five FBS Football and Division I Basketball player based on the sport you competed in, the specific years played between 2016-2024, and the conference in which you competed. Payments will be equal for members competing in the same sport in the same conference in the same year. Broadcast NIL, defined by the lawyers in this case, refers to the use of an athlete’s NIL via broadcasts like tv, radio, internet and other media.
- Videogame NIL payments will be a set, yearly amount for each athlete who competed in FBS Football or Division I Men’s Basketball based on the number of years you competed between 2016-2024 and the number of claims filed by class members. Total payments to be shared equally each year among eligible athletes are based on a fixed percentage applied to estimated videogame revenue that would have occurred had a game been in existence each year.
- Payments for additional compensation for your athletic services will be based on the years you competed in Division I between 2019-2024, the sport you competed in, the school you competed for, and the number of claims filed by class members, among other criteria. For the athletes competing in Power Five Football or Basketball, payments will also be based on the scholarship you received and performance statistics, among other criteria.
- Lost NIL payments will be based on the amount of money you received from third parties for your NIL after July 1, 2021, the specific years you competed between 2016-2021, the sport you competed in, the school(s) you competed for, your performance statistics, and the number of claims filed by class members. “Lost NIL” refers to the lost opportunity to receive money from third parties for your NIL.

Your payment also depends on how much money the Court approves for attorneys’ fees, class representative awards, and litigation and settlement costs. These payments, including attorneys’ fees, will be paid out yearly over a ten-year period, with equal amounts paid each year.

### How do I get money?

If you got this notice, and you received a full Grant-in-Aid Scholarship and played FBS Football, Division I Men’s Basketball, or Division I Women’s Basketball for a school that competes in a Power Five Conference (ACC, Big Ten, Big 12, Pac-12, SEC), you need to update only your contact information and preferred method of payment to get money. Then, you will automatically receive a payment if the settlement is approved and becomes final. To see an estimate of your payment amount or update your contact information and/or payment method, visit [www.collegeathletecompensation.com](http://www.collegeathletecompensation.com).

If you (1) played a sport other than FBS Football or Division I Basketball, or received less than a full scholarship, at a school that is in a Power Five Conference (ACC, Big Ten, Big 12, Pac-12, SEC), or (2) competed in any sport for a school not within a Power Five Conference, you will need to complete a [Claim Form](#).

If you received NIL compensation since July 1, 2021, and you competed prior to July 1, 2021, you can confirm your deal was reported by your school [here](#), and then you will automatically receive payment if your contact information and payment method is updated. If your NIL deal was not reported by your school, you will need to file a claim form.

For more details about whether a claim form is required, visit [www.collegeathletecompensation.com](http://www.collegeathletecompensation.com).

### What are my rights?

If you do nothing, you will be bound by the Court’s decisions, even if you do not receive a payment under the Settlement. If you want to keep your right to sue the settling Defendants, or their member institutions, instead of potentially getting money from this settlement, you must opt out by **January 31, 2025**. You cannot opt out of the future rule changes (injunctive relief), but you may object. Please note that if you opt out, you will not receive any money from this Settlement. If you want to stay in the Settlement but do not agree with any part of it, you may object to it by **January 31**,

**2025.** Details about these options are available by clicking [here](#) or by going to [www.collegeathletecompensation.com](http://www.collegeathletecompensation.com).

The Court will hold a hearing remotely and in person on **April 7, 2025**—this date is subject to change—to consider whether to approve the Settlement and a request for attorneys’ fees and award for each of the class representatives. You or your own lawyer may request to speak at the hearing at your own expense by submitting a written objection to the Court electronically, by mail, or in person and indicating in the objection that you or your lawyer would like to speak at the hearing. The Court may not allow everyone who requests to speak an opportunity to do so, but to ensure that the Court considers your request to speak at the hearing, you must file a written objection indicating that you or your lawyer would like to speak at the hearing.

Please go to [www.collegeathletecompensation.com](http://www.collegeathletecompensation.com) for more detailed directions about where the hearing will be held in person and how you can access the hearing remotely, and about what to include in, and where to send, your objection. The website will also include the most updated time and date of the hearing, as will the docket for the case, which can be accessed at <https://ecf.cand.uscourts.gov>.

**NOTE:** The Settlement Agreement does not release the claims currently raised in the Complaint in *Choh v. Brown University, et al.*, No. 3:23-cv-00305-AWT (D. Conn.) (“*Choh*”), against the Ivy League and Ivy League member institutions (“*Choh* Defendants”), challenging an alleged agreement among the *Choh* Defendants not to award athletic scholarships or otherwise provide any compensation or education-related reimbursements for athletic services as permitted under then-applicable NCAA rules. The previously filed *Choh* claims arise out of unique aspects of rules applicable within the Ivy League alone. The Settlement Agreement and its release provisions otherwise fully apply to student-athletes who are in the Settlement Classes, including, but not limited to, Ivy League student-athletes, and likewise otherwise fully apply to Releasees as defined in the Settlement, which includes, but is not limited to, the Ivy League, Ivy League member institutions, and Defendants in this Action.

The Settlement Agreement also does not release the claims currently stated in the Complaint in *Johnson, et al. v. National Collegiate Athletic Association, et al.*, 2:19-cv-05230-JP (E.D. Pa.); claims under the Fair Labor Standards Act, 29 U.S.C.A. § 201 et seq. or any other federal labor laws, or claims under any analogous state labor laws; or claims under Title IX of the Education Amendments of 1972, 20 U.S.C. § 1681 et seq., other than any claims arising out of or relating to the distribution of the Gross Settlement Fund.

You do not need to opt out of this Settlement in order to pursue remedies in the lawsuits listed above.

#### **What if I received two notices?**

If you received two notices by email and/or mail, NCAA records indicate that you are included in both this settlement and the *Hubbard v. National Collegiate Athletic Association* settlement, Case No. 4:23-cv-01593. You may be eligible to receive money from both settlements.

Go to [www.collegeathletecompensation.com](http://www.collegeathletecompensation.com) to file a Claim Form in both settlements, if required, for you to receive all the money you qualify for in both settlements.

## NEWS PROVIDED BY

**Hagens Berman Sobol Shapiro LLP and Winston & Strawn LLP →**

Oct 18, 2024, 22:00 ET

---

SAN FRANCISCO, Oct. 18, 2024 /PRNewswire/ -- The following statement is being issued by Hagens Berman Sobol Shapiro LLP and Winston & Strawn LLP:

Settlements have been reached in class-action lawsuits, *In re College Athlete NIL Litigation*, Case No. 4:20-cv-3919 and *Hubbard v. National Collegiate Athletic Association, et al.*, Case No. 4:23-cv-01593, alleging the NCAA and Power Five Conferences broke antitrust laws by agreeing not to provide benefits and compensation to college athletes for their participation in college sports or for the use of their names, images and likenesses (NIL), agreeing to limit scholarships and scholarship amounts, and agreeing not to provide college athletes academic achievement awards.

*"NCAA college athletes have waited decades for this moment, and their right to receive the full value of their hard work has finally arrived,"* said Steve Berman, managing partner and co-founder of Hagens Berman. *"We are incredibly proud to be in the final stages of historic change."*

You may be included in one or both of the settlements and be entitled to money or other benefits if (1) you competed on a Division I athletic team and were declared initially eligible for competition at any point from June 15, 2016 to Sept. 15, 2024, and/or (2) you competed on a Division I athletic team any time between April 1, 2019, and September 15, 2024, and you would have qualified for an academic achievement award at your school, and/or (3) you will compete as a Division I athlete beginning in Fall 2025.

Payments under the settlements will be automatically made to:

- Power Five FBS Football and Men's Division I Basketball athletes who received a full grant-in-aid for broadcast NIL awards, videogame NIL awards, athletic services awards, and awards for lost third-party payments for NIL (if NIL deal information has been provided to Plaintiffs by their school);
- Power Five Women's Division I Basketball athletes who received a full grant-in-aid for broadcast NIL awards, athletic services awards, and awards for lost third-party payments for NIL (if NIL deal information has been provided to Plaintiffs by their school); and
- Any Division I athlete who competed in the same sport prior to and after July 1, 2021, and received NIL payments from a third party after July 1, 2021, and information about those payments has been provided to Plaintiffs by their school.
- All Power Five athletes and Big East Basketball athletes who competed on a team anytime during the 2019-2020, 2020-2021, or 2021-2022 academic years.

You must file a Claim Form to receive a settlement payment if:

- You are a Division I athlete other than a Power Five Football or Basketball player and you want to receive payments for participation in college sports;
- You are a Football or Basketball athlete not in the Power Five and you want to receive payment for videogames;
- You are a Division I athlete who competed in the same sport prior to and after July 1, 2021, and received an NIL deal after July 1, 2021 that has not been provided to Plaintiffs by your school (check [www.collegeathleteteamcompensation.com](http://www.collegeathleteteamcompensation.com) to find out if your deal was reported to Plaintiffs); or
- You competed on a Division I athletic team that was not a basketball team in the Big East or a team in the Power Five Conferences anytime during the 2019-2020, 2020-2021, or 2021-2022 academic years and you would have qualified for an academic achievement award at your school.

Review your estimated payment amount December 17, 2024 at [www.collegeathletetechnicalcompensation.com](http://www.collegeathletetechnicalcompensation.com) and file a Claim Form if one is required for you to receive all the money you qualify for. For more information about whether a claim form is required, go to [www.collegeathletetechnicalcompensation.com](http://www.collegeathletetechnicalcompensation.com).

If you have not received information via email, check your school email account or file a Claim Form online.

**Claim Forms may be submitted online or printed and mailed to the Settlement Administrator by January 31, 2025.**

In addition, student-athletes who did, do, or will compete on a Division I athletic team anytime between June 15, 2020 and the end of the Injunctive Relief Settlement Term, which will end ten years after the Settlement is approved, may benefit from changes to NCAA and conference rules that will allow schools and conferences to provide to athletes direct benefits and compensation for NIL and participation in college sports, and additional benefits over and above annual existing scholarships and all other benefits currently permitted by NCAA rules, up to an aggregate yearly amount specified in the Settlement. Complete details regarding these additional benefits, and other changes that will be made to NCAA rules about benefits and compensation, including NIL payments from third parties, are provided in the Injunctive Relief Settlement, available at [www.collegeathletetechnicalcompensation.com](http://www.collegeathletetechnicalcompensation.com).

Winston's Co-Executive Chairman Jeffrey L. Kessler, who also negotiated the class- action settlements that created the free agency systems for athletes in the NFL and the NBA, said, "*We're pleased to take this next step towards finalizing this historic, industry-changing settlement that will provide a fair system of revenue sharing for the college athletes who generate hundreds-of-millions-of-dollars for their schools. For far too long, these athletes have been deprived of their economic rights in an unjust system that will now, finally, be fundamentally reformed. The new system will allow athletes to be fairly rewarded for their contributions and college sports will continue to thrive.*"

## Time is running out for Division I Athletes to participate in class action settlements

SAN FRANCISCO, January 21, 2025 /PRNewswire/ -- Division I Athletes have one more week to file a Claim Form or provide their contact/payment information in the *In re College Athlete NIL Litigation* and *Hubbard v. National Collegiate Athletic Association* settlements, announces Hagens Berman Sobol Shapiro LLP and Winston & Strawn LLP.

Division I Athletes have until January 31, 2025 to file a Claim Form, or submit contact information and a preferred payment method, to receive a payment from one or both class action settlements. **Information must be submitted online at [collegeathletecompensation.com](https://collegeathletecompensation.com).**

Payments under the settlements will be automatically made to the following athletes who have updated their contact information and payment method:

- Power Five FBS Football and Men's Division I Basketball athletes who received a full grant-in-aid for broadcast NIL awards, videogame NIL awards, athletic services awards, and awards for lost third-party payments for NIL (if NIL deal information has been provided to Plaintiffs by their school);
- Power Five Women's Division I Basketball athletes who received a full grant-in-aid for broadcast NIL awards, athletic services awards, and awards for lost third-party payments for NIL (if NIL deal information has been provided to Plaintiffs by their school); and
- Any Division I athlete who competed in the same sport prior to and after July 1, 2021, and received NIL payments from a third party after July 1, 2021, and information about those payments has been provided to Plaintiffs by their school.
- All Power Five athletes and Big East Basketball athletes who competed on a team anytime during the 2019-2020, 2020-2021, or 2021-2022 academic years.

You must file a Claim Form to receive a settlement payment if:

- You are a Division I athlete other than a Power Five full grant-in-aid Football or Basketball player and you want to receive payments for participation in college sports from 2019-2024;
- You are a Football or Men's Basketball athlete not in the Power Five and you want to receive payment for videogames from 2016-2024;
- You are a Division I athlete who competed in the same sport prior to and after July 1, 2021, and received an NIL deal after July 1, 2021 that has not been provided to Plaintiffs by your school (check [www.collegeathletecompensation.com](https://www.collegeathletecompensation.com) to find out if your deal was reported to Plaintiffs); or

- You competed on a Division I athletic team that was not a basketball team in the Big East or a team in the Power Five Conferences anytime during the 2019-2020, 2020-2021, or 2021-2022 academic years and you would have qualified for an academic achievement award at your school.

Payments are the result of settlements reached in class-action lawsuits alleging the NCAA and Power Five Conferences broke antitrust laws by agreeing not to provide benefits and compensation to college athletes for their participation in college sports or for the use of their names, images and likenesses (NIL), agreeing to limit scholarships and scholarship amounts, and agreeing not to provide college athletes academic achievement awards.

*“We strongly encourage NCAA college athletes to participate before time runs out. They have waited far too long to reap the benefits of this historic, industry-changing settlement.”* said Steve Berman, managing partner and co-founder of Hagens Berman and Jeffrey L. Kessler, Winston’s Co-Executive Chairman.
